

## Google Auth

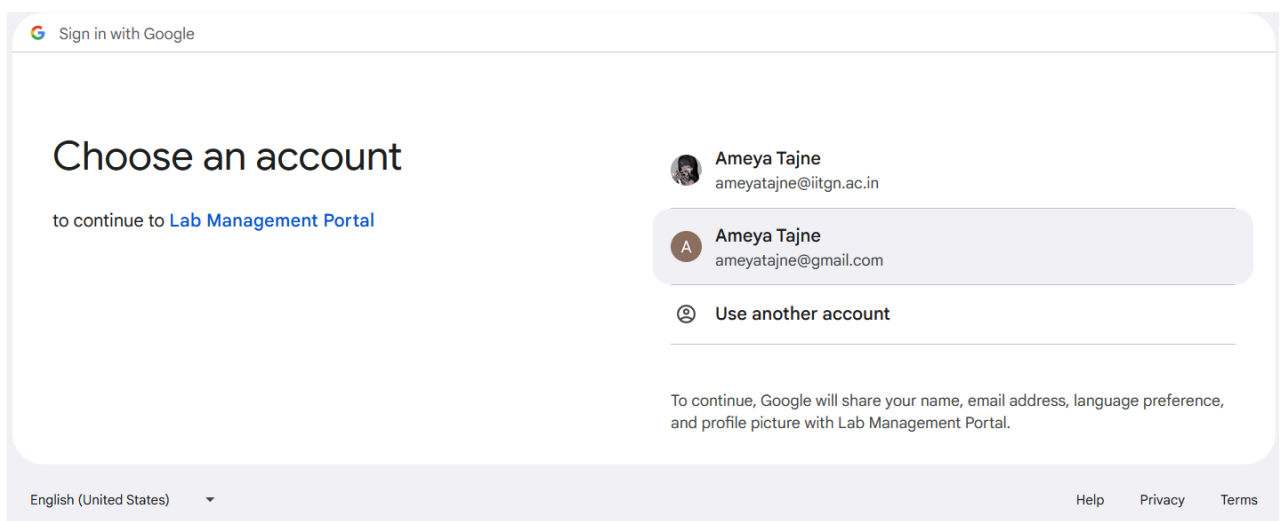

### Step for Google Auth

1. Google auth feature was added for the convenience of the user of the website

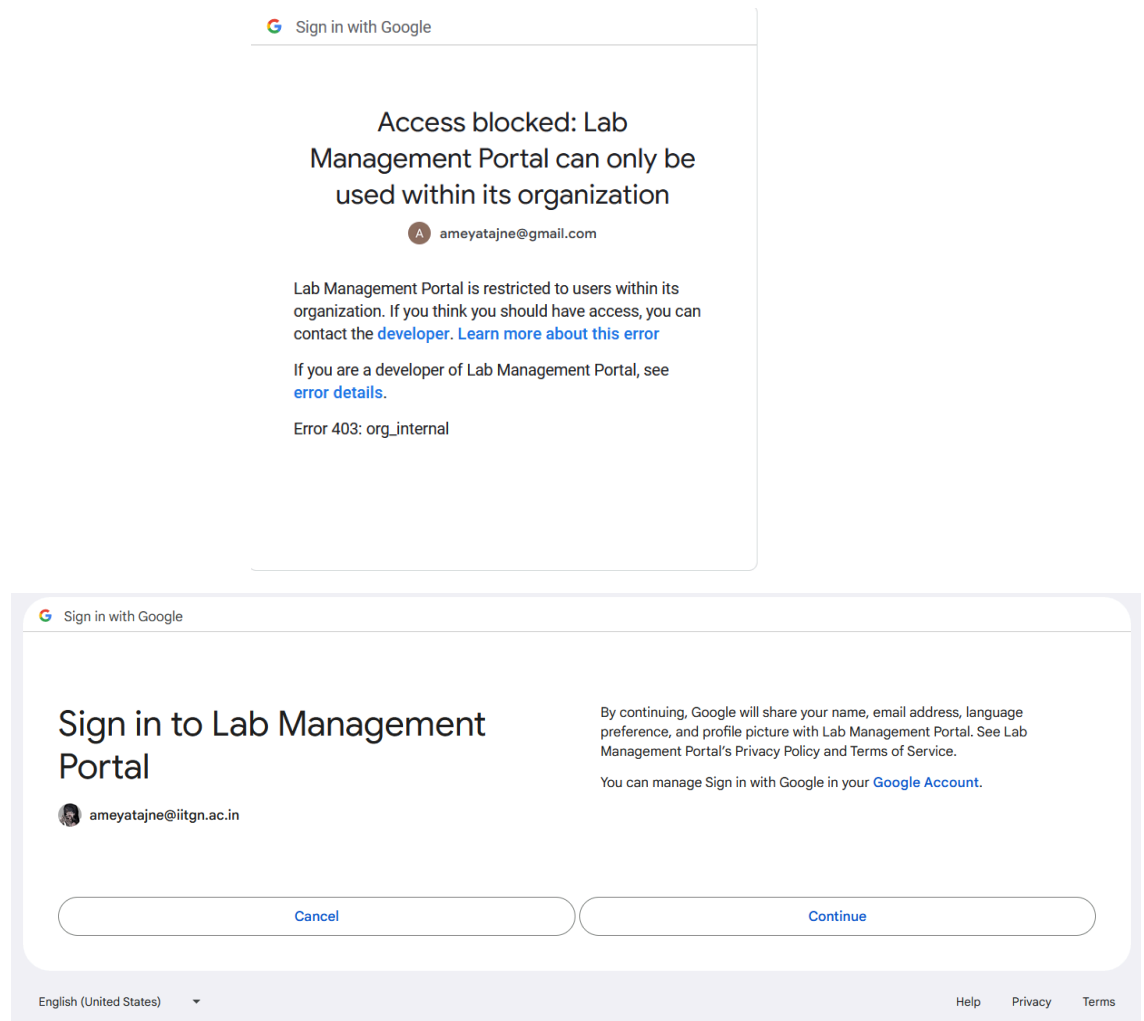

The screenshot shows the login interface for the 'Lab Management System'. At the top, there is a logo with an orange square containing a white 'S' and the text 'SQL DUMMIES'. Below the logo, the title 'Lab Management System' is displayed in bold, followed by the subtitle 'Welcome, please sign in to your dashboard'. The login form consists of two input fields: 'Email' with the placeholder 'Enter your email' and 'Password' with the placeholder 'Enter your password'. A blue 'Sign In' button is positioned below the password field. A horizontal line with the word 'Or' in the center separates the standard login fields from the Google login option. The Google login option is represented by a button with the Google 'G' logo and the text 'Continue with Google'. Below this button, there is a link that says 'Don't have an account? Register here'.

2. Upon clicking this link, we are directed to the Google Sign in page. Since I am already logged in, you can see two accounts listed: one is my personal Gmail account and the other is institute's ([iitgn.ac.in](mailto:ameyatajne@iitgn.ac.in)) account.

The screenshot shows the Google Sign-in 'Choose an account' page. At the top, it says 'Sign in with Google'. The main heading is 'Choose an account', followed by the text 'to continue to Lab Management Portal'. On the right side, there are two account options listed: 'Ameya Tajne' with email 'ameyatajne@iitgn.ac.in' and 'Ameya Tajne' with email 'ameyatajne@gmail.com'. The second account is highlighted with a grey background. Below these options is a link 'Use another account'. At the bottom, there is a disclaimer: 'To continue, Google will share your name, email address, language preference, and profile picture with Lab Management Portal.' The footer includes the language 'English (United States)' with a dropdown arrow, and links for 'Help', 'Privacy', and 'Terms'.

3. As evident, the site only permits the use of institute email IDs and does not allow personal email addresses.

4. So after signing in through the institute email account we are directed to this page.

**Lab Management System**  
Create an account to access the dashboard

Email

ameyatajne@iitgn.ac.in

Roll Number/Employee ID

21110222

First Name

Ameya

Last Name

Tajne

Role

☒ Student ☐ Professor ☐ Staff

Register
